

SOLDIER BOYS OFF FOR GRIFFIN

Atlanta Will Send Five Hundred Men
to the Encampment.

TRAINS LEAVE THIS MORNING

Fifth Regiment Companies in Fine
Shape To Win Honors.

MANY YOUNG LADIES MAKE THE TRIP

Officers Invite Inspection of Their
Work at Camp Northern-What
They Say.

This morning at 8 o'clock about five hundred soldier boys will leave for Griffin, where they go in camp for one week. They go over the Central road and will muster at the depot at 7:40 o'clock.

For weeks the various companies have been preparing for the encampment and have been getting their men in proper shape. At night the streets of the city were crowded with soldier boys gave Atlanta the appearance of a city that is about to receive an invading force. Military men could be seen marching up and down the principal streets and stopping in the open places to drill.

Their hard work has not been in vain.

Soldier Boys Preparing for Their Griffin Trip.

They are at present in the best trim that they have ever been. Every man is in the most perfect condition and they will enable their companies to bring many honors away from Griffin.

The Atlanta companies will be dressed in regulation campaign uniforms and present a picturesque appearance. Some of them wear their uniforms with the ease and grace of old soldiers. All present a neat appearance.

All day yesterday members of the different companies could be seen running to and fro from the different armories laden with canteens and other necessities of camp life. The boys are all glad for the chance of a vacation and await their arrival at Griffin with impatience.

Colonel Candier left for Griffin last night. He goes to prepare a way for the Atlanta boys and have things in readiness for them, so that they can go into camp immediately on their arrival.

The camping grounds at Griffin are the very best in the south. They are supplied with cool, clear water from the Griffin city water works and are lit at night with electric lights, which are very bright and clear almost as bright as in day time.

The camp will be entirely surrounded by a line of fifteen sentinels. Every man will be on guard for twenty-four hours, working two hours and resting four, making forty-eight men on duty at one time. This will be rather hard on some of the men, since they have their first experience and they are not used to work of this kind.

Rations will be given out to them every morning and care will be taken to see that they are well provided for. The fact that the grounds are so well lighted will make it a difficult matter for the boys to come away from the encampment bringing honors with them. Major Kendrick will be in command of the young men on the way to Griffin and will turn them over to Colonel Candier on their arrival at the encampment.

Inspection Invited.
On several occasions it has been said that the soldier boys go to camp simply for the fun that they can have and do very little work while in camp.

This has been commented on by the legislators, and the commanders of the troops that are in camp this week extend to them a cordial invitation to pay the camp a visit at any time and give it an inspection if they so desire.

The law makers are assured that they will receive a hearty welcome and that they will be put to no expense. Comfortable quarters will be provided and they would doubtless enjoy it.

The officers of the Fifth regiment state that there is no play at the camp and all men are kept at work.

Off for the Encampment.
LaGrange, Ga. June 18 (Special).—The LaGrange Light Guard will leave for the camp of Captain W. T. Herring, leave in the morning for Griffin over the Macon and Birmingham route. The guard consists of companies in the state, one that saw service during the four years of strife, and is the pride of our city. It is made up of the best material in our midst and they never fail to make a good record while in camp.

WILL DECIDE IT SATURDAY.

JUDGE LUMPKIN WILL SETTLE
AN IMPORTANT CASE.

Will Say Whether Mr. Julius Brown
Shall or Shall Not Pay the
Governor's Fine.

Next Saturday morning Judge Lumpkin will decide whether or not Mr. Julius Brown, lessee of the convict at the Dade coal mines, shall pay the fine imposed by the governor in the recent court of inquiry.

The case was to have come before Judge Lumpkin last Saturday, but was postponed on account of the illness of one of the lawyers connected with it.

The fine imposed was to be paid by the 15th of July, but the prospects now are that the question will be before the courts for some time.

It is understood that the payment of all the fines imposed has been delayed until after the court decide this question. Mr. Brown is fighting. While those on both sides of the matter are already reticent about any of their plans or details of the case, it is reasonably sure that nothing short of a decision of the supreme court of the state will be accepted as final.

It is not thought by those who have studied the matter that Judge Lumpkin's decision will be the end of the matter. The question plainly stated is this: Mr. Brown claims that the order coming from the governor in ordering him to pay a sum of money as a fine, exceeds his authority, and that the order must come from a regular state court before he can carry out it.

Other words, it is a question whether or not the governor can force any of the lessees to pay a fine unless he does it through the courts of the state.

While it is not known positively what the other gentlemen filed will do, it is probable that they will be governed by the decision in this case.

HAS WINDOM BEEN CAUGHT?

Chief Connolly Thinks the Man Is in
Jefferson.

The actions of Sheriff Collier, of Jackson county, who claims that he has arrested Rush Windom, the negro who killed George Starke, are very mysterious. That official notified Chief Connolly Saturday that the man had been arrested and that he would deliver him in Atlanta the next day.

Chief Connolly received no word from Sheriff Collier until yesterday about the prisoner, when a letter came, stating that he was of the opinion that the right man had been captured. He did not say when Windom would be delivered in Atlanta.

It seems that two men are under arrest in Jefferson for carrying concealed weapons. From the descriptions given one is thought to be Windom and the other Will.

The county commissioners have been invited to inspect the condition of the county almshouse and they will drive out to the poor farm Thursday morning. At 10 o'clock Thursday morning the members of the board will be met at the Kimball house and go out in a trolley.

Dr. Hape, the superintendent, will entertain the commissioners and they will be shown over the county's property.

BACK FROM EUROPE.

JUDGE AND MRS. T. P. WEST-
MORELAND HAVE RETURNED.

They Reached Atlanta Last Friday
After a Pleasant Tour of Eight
Months Across the Sea.

Judge and Mrs. T. P. Westmoreland are back from a tour of the orient after an absence of more than eight months. They returned last Friday and were met by Mrs. Westmoreland at the depot.

On June 1st, a cablegram was received in Scotland by Judge Westmoreland, notifying him of the death of his wife, Mrs. Westmoreland, who is now in London.

He and his wife immediately left for the United States and arrived last Wednesday in New York.

Judge Westmoreland left Atlanta for Europe last October. He sailed from New York with his wife, over the Mediterranean, and returned last Friday.

He says the trip was exceedingly rough and the sea voyage was tedious and unpleasant on account of the weather.

While Chief Connolly thinks that Windom has been caught, he is by no means positive of this fact, and will wait until the prisoner is delivered in Atlanta. Sheriff Collier writes that the man under arrest answers the murderer's description perfectly.

Both men are being held on \$500 bond for carrying concealed weapons.

The gold watches, two pistols and \$10 in money Chief Connolly sent for fuller description of the men, and also for a favorable reply he will probably send for them today.

SUPPOSED MURDERER CAUGHT.

Madison Kendrick Is Wanted in West
Point on a Serious Charge.

Madison Kendrick, the negro with half a dozen aliases who is locked up at police headquarters on the charge of having murdered a negro in West Point last November, was proved yesterday to be the right man.

Chief Connolly telegraphed the West Point authorities yesterday morning about the negro's arrest and last night received a reply to the effect that Kendrick was wanted and that an officer would be in Atlanta for him this morning.

The full story of the arrest was told in yesterday's Constitution. The man murdered was Hattie Morris, and he was shot through the head by Kendrick at a party in the suburbs of West Point. The murder was escaped.

Last Saturday night Kendrick was loitering on Decatur street and was espied by two boys who were present when the tragedy was committed. They recognized the man who did the shooting, and they knew that a warrant had been sworn out for Kendrick's arrest and delivery to the police. The negro was soon placed under arrest and was locked up in the station house.

TO SELECT A PASTOR.

Members of the First Baptist Church
May Take Action Friday Next.

The special committee composed of prominent members of the First Baptist church will meet again next Friday night and the selection of a pastor will be the subject discussed.

Several names are now being considered by the committee, but nothing definite will be done before Friday, when the committee will meet.

The point will be regularly filled each Sunday until a successor to Dr. Hawthorne is selected.

BRIDGE BIDS OPENED

County Commissioners Held an Important
Special Session Yesterday.

Another Meeting Called

Bids Were Opened for the Stone Abutments
for the Peachtree Creek
Bridge—County News.

The board of county commissioners met yesterday morning in special session for the purpose of opening and considering the bids which had been advertised for in the construction of the stone abutments of the new Peachtree Creek bridge.

Chairman Collier was not present, as he was out of the city, and the meeting was called to order by Mr. Joseph Thompson, Commissioner of Public Works.

The meeting was called only for the purpose of considering the bridge abutment bids and after this was given attention the session adjourned. On account of the absence of two of the members of the board the bids were referred to the committee on roads and bridges, with instructions to report to the full board at the first possible meeting.

Chairman Collier and Commissioner Shadling will be wired of the called meeting and the bids will be acted upon as soon as the full board can be got together.

Three Bids Opened.
At the meeting yesterday three bids for the masonry work were opened. The work is estimated by the cubic yard and the bids opened are as follows:

J. M. Hazenbush & Co., \$8.71 per cubic yard.
Shaw & Mable, \$9.25 per cubic yard.
Gude & Walker, \$10 per cubic yard.

The number of cubic yards in the work is roughly estimated at three hundred.

The new bridge is already being constructed at the machine shops in Louisville and the material will be made ready by early fall.

Before the bridge builders ship the material the commissioners are anxious to have the stone abutments ready, so there will be no delay. The abutments are to be eight feet higher than the present foundations. They will be entirely removed from the high water line and the bridge is to be raised above all possible danger.

The total cost of the abutments will not exceed \$200.

The Question of Taxes Up.
Before the meeting adjourned yesterday Commissioner Adams stated that he would ask the board at the next called meeting to consider the question of taxes which he claims is owed by the county by land and insurance companies.

The question was first discussed at the regular session of the board in May. Mr. Adams was postponed until an investigation could be made by the county attorney.

Attorney Luther Rosser has made the investigation and will submit his opinion at the next meeting.

Mr. Adams claimed that several banks, insurance companies and land and insurance associations doing business in Atlanta had failed to return to the county the full amount of their taxes.

The question was reached by Mr. Adams by a comparison of the taxes paid by the state and the amounts returned to the county.

My investigation shows, said Mr. Adams, that about three thousand dollars has been annually lost to the county by the failure of these companies to pay the correct amounts and I will see what is due the county and will then urge that the money be paid.

The matter will be fully investigated at the meeting of the board to be called in a few days and the opinion of County Attorney Rosser will be read.

To Visit the Almshouse.

The county commissioners have been invited to inspect the condition of the county almshouse and they will drive out to the poor farm Thursday morning.

At 10 o'clock Thursday morning the members of the board will be met at the Kimball house and go out in a trolley.

Dr. Hape, the superintendent, will entertain the commissioners and they will be shown over the county's property.

MAJOR WARREN MUCH BETTER.

After Six Weeks' Absence He Appears
At His Desk at the Capitol.

Major J. W. Warren, who has been secretary of the executive department at the capitol for many years, was back at his post yesterday.

Major Warren has been sick at his home in Kirkwood for the past six weeks. It was reported that his illness was very serious, but while it was feared that Major Warren would not be able to resume his duties.

His friends at the capitol were very much gratified yesterday morning to see him once more at the desk which he has occupied for so many years and his many friends throughout the state will be glad to know that he is once more at his post of duty.

Major Warren has improved in health rapidly for the past week and is now a fair way to recover from his sickness.

NO TRACE OF RAIN.

Hot Weather Is Expected Today by
the Forecasters.

Since last reports the barometer has risen and the forecasters expect a hot day today. A slight cyclonic disturbance being central in the lower Missouri valley. As the area of high pressure moves eastward, a general southerly trend, and higher temperature will displace the present conditions now prevailing in this section.

Not even a trace of rain has fallen in the great cotton belt during the past twenty-four hours.

The bulletin for the Atlanta station issued yesterday by the weather bureau was as follows:

WOMAN'S LONG HOURS.

SHE TOILS AFTER MAN'S DAYS
WORK IS DONE.

What She Has to Contend With—Work That Sooner or Later Breaks Down Her Delicate Organism.

The great majority of women "work to live" and "are to work," and as the hands of the clock approach the hour of six, those employed in stores, offices, mills and factories, hail closing time with joy.

They have won their day's bread, but some duties are yet to be performed, and many personal matters to be attended to. They have mending to do, and dresses or bonnets to make, and long into the night they toil, for they must look neat, and they have no time during the day to attend to personal matters.

Women, therefore, notwithstanding their delicate organism, work longer and more closely than men.

They do not promptly heed such signs as headache, backache, blues, pains in the groins, bearing-down, "all gone" feeling, nervousness, loss of sleep and appetite, whites, irregular or painful monthly periods, colds, swollen feet, etc., all symptoms of womb trouble, which, if not quickly checked, will launch them in a sea of misery.

There is but one absolute remedy for all these ills. Any woman who has to earn her own living will find it profitable to keep her system fortified with this tried and true woman's friend, Lydia E. Pinkham's Vegetable Compound, which promptly removes the cause and effects a lasting cure.

We are glad to produce such letters as the following from Miss M. G. McNamee, 114 Catherine Street, N.Y.:

"For months I had been afflicted with that tired feeling, no ambition, no appetite, and a heavy bearing-down feeling of the uterus. I began to use Lydia E. Pinkham's Vegetable Compound. Soon those bad feelings passed away. I began to have more ambition, my appetite improved, and I gained weight in every way, and now I am entirely well. I advise all my friends to use the Compound, it is woman's true friend."

MUST PAY THE POLICY

The Jury in the McDuffy Case Finds Against the Insurance Company.

THE NEWS OF THE COURTS

Mrs. Alice Gartrell Was Granted a Divorce Verdict in the Superior Court.

The heirs of J. H. McDuffy were yesterday awarded a verdict of \$5,000 in the first division of the city court.

The verdict is against the Massachusetts Benefit Association, in which Mr. McDuffy was insured in that amount, and for which suit was filed last year by the administrator of his estate, M. A. Hale.

The case has been pending in the city court for a number of days. The testimony showed that Mr. McDuffy was insured for \$5,000, and made the regular quarterly payments as they fell due. He died June 1, 1895, and Mr. Hale was appointed administrator.

Administrator Hale made formal demand of the association for the amount of the policy of Mr. McDuffy, but the money was not paid. Suit was then filed, and yesterday morning the jury found a verdict for the full amount of the policy and also interest from the date it should have been paid.

Contesting for an Estate.

An interesting contest for an estate is now pending in the superior court before Judge Lumpkin.

The case was taken up yesterday morning and all jurors and attorneys not engaged in that case were dismissed for the day.

The case will be resumed this morning and may be concluded by this afternoon.

Mr. James Caldwell, a well-known figure about the streets of Atlanta, was possessed of considerable property at the time of his death several years ago. The most of his property he left to Mrs. D. L. Hill, his daughter. At the time of his death there were living two other daughters—Mrs. Bullock and Mrs. Kicklighter—and these two daughters are now trying to show that they were entitled to their portion of the estate, and have brought suit to have the will set aside.

A Marriage That Failed.

Mrs. Alice O. Gartrell was given a first divorce verdict yesterday in the superior court.

Some time ago she filed suit for divorce against her husband, Francis Bartow Gartrell, alleging that he had abandoned her. She stated she was married to him June 11, 1892. Her maiden name was Alice Tanner.

After the marriage she says she discovered that he was cross and quarrelsome, and frequently he threatened to kill her. On one occasion she says he told her he would throw her in the well and drown her, and she did not give him some of the money she had saved from her own earnings.

Mr. Gartrell is now supposed to be in Texas, as it is said he left home about twelve months ago and has not returned.

News of the Courts.

Yesterday morning J. P. Bassett, proprietor of the aluminum store in the Grand building, filed a chattel mortgage in favor of L. DeWitt to secure three notes. One note is for \$100, payable June 1st; one for \$150, less credits of \$10, payable May 1st, and one for \$100, payable June 1st. The mortgage covers the stock of aluminum wares in the building.

J. N. Radale and J. F. Cooper have filed suit against the Southern Railway Company for \$200 damages received to a carload of horses which were shipped from Kansas several days ago. The plaintiffs claim that the horses were damaged when they arrived and they now hold the road liable.

WINDER ACADEMY CLOSSES.

Interesting Exercises Mark the Final Event.

The commencement exercises of the Winder Academy will be concluded today. The exercises began last Sunday, and were attended by a large number of friends and relatives of the young graduates. The commencement sermon was delivered by Rev. Dr. Bennett, of Cave Spring, who made a magnificent address.

Dr. Bennett is a young man, and one of the finest orators to be found in the south. He is not only a student of his addresses, and the one that he made Sunday was the best that he has ever heard of delivered. He received many congratulations among the special features of the exercises Sunday were the solos by Miss Jackson and Miss Ferguson. Both of the young ladies have sweet and well-trained voices.

Crosser Orr, the principal of the school, was re-elected to serve another term in the principal's chair, and received the hearty congratulations of the students. The features of the programme today will be a vocal solo by Miss De La Perriere. She has a magnificent voice, and made quite a reputation as a vocal soloist. The exercises of this academy are always well attended, and it is expected that the large hall will be packed today.
